AIPCS Mission Statement

The American Indian Public Charter School serves 250 inner-city students in sixth through eighth grade. The focus of AIPCS is excellent student attendance (99.5%), which helps to ensure the academic needs of American Indian students and others who are interested in attending our school. We will provide them with an education to enhance their academic skills in reading, writing, spelling, mathematics, science, social science, business, and humanities in order to compete and be productive members in a free market capitalistic society. This will be a collaborative effort between school, family, and community.
